

EVEN _BYTES

Cloud Consultancy & Development

Evenbytes is an IT company with more than **15 years of experience** in software development, digital transformation and processes improvements.

From multinational companies to small businesses, we bring **value, creativity** and **quality** to our customers in their digital journey.

We are the **Technology Partner** you were looking for.

OUR PHILOSOPHY

Trust

We believe in **mutual Trust**. Trust in our employees, partners and clients. We invest in long term relations with our customers engaging and sharing objectives as a unique workforce.

Ethic

We believe in **Ethic work**. We offer our services with a fair price. We do not like ambiguous situations. Either we take a project and accomplish it with quality or we will not take.

Quality

We believe in **Quality**. Deeply specialized, strong internal training programs to offer the best of IT as a leading company in the latest technologies.

IT FOR IT, IT FOR BUSINESSES

We have three kind of clients **all of sizes**:

- Companies using our applications.
- Companies requiring our consultancy and development services.
- Other IT firms that need specialized expert resources.

SCRUM AND AGILE METHODOLOGIES TO FIT IN YOUR NEEDS

Scrum is a framework for project management that emphasizes teamwork, accountability and iterative progress toward a well-defined goal. The framework begins with a simple premise: **Start with what can be seen or known**. After that, track the progress and tweak as necessary. The three pillars of Scrum are transparency, inspection and adaptation.

In **Evenbytes** we are accustomed to undertaking projects developed in complex and changing environments in a flexible way, the scrum methodology allows them to be dealt with efficiently and quickly in the results.

OUR SKILLS IN INDUSTRY 4.0

Internet Of Things
